# Austin Tian | Font End Web Developer

**GitHub**    **Portfolio**    **Cardiff, United Kingdom**    **+44 07394107227**    **tianek@protonmail.com**

## PROFILE

A second-year computer science student at Cardiff University interested in working in web development and other graphically-oriented projects.

## TECHNICAL SKILLS

- **Software tools:** version control with Git, VSCode
- **Web Development:** HTML5, CSS3 (+Sass), React, SQLPlus
- **Programming languages**: Python, Java

## WORK EXPERIENCE

**Graphic Designer at Praline, London, 05-09/06/2017**

- Designed book cover concepts and accessibility icons for a website using Adobe Illustrator
- Gained an understanding of culture and work ethic in a small company

## RECENT PROJECTS

- **E-commerce Website, 09/08/2022, individual project**
  - Website made with React & react router DOM, styled using Sass, and deployed on GitHub using GitHub Pages
- **Meme Maker Website, 16/07/2022, individual project**
  - Used HTML canvas and JavaScript to allow the user to interact with and modify meme images
- **Portfolio Website, 04/06/2022, individual project**
  - Website made with React & react router DOM, styled using Sass, and deployed on GitHub using GitHub Pages
- **Puzzle Dungeon game, 16/05/2022, group project**
  - Lead programmer in a 2D multiplayer puzzle dungeon crawler group project, using Unity (C#) and the Mirror library. Learned the basics of game development

## EXTRACURRICULAR

- **Science Outreach Leadership Team, 09/2018 – 07/2019**
  - Gained public speaking skills and learned about lab safety and physics concepts outside of the scope of physics lessons
  - Performed science demonstrations at multiple festivals including Blu Dot, Exeter Big Bang, and Big Bang UK in 2019.
- **Psychology Research Competition, 06/03/2019, individual project**
  - Won second place in an inter-school psychology research competition. Developed critical thinking skills though discussing the implications of the research into group conformity.

## EDUCATION

**Cardiff University, Cardiff, 2020-present** | BSc Computer Science with Security, Forensics, Year In Industry

**Badminton School, Bristol, 2015-2020**
